

DeVilbiss IntelliPAP® Standard Plus CPAP System

Enhanced comfort and reporting.

The IntelliPAP Standard Plus features DeVilbiss SmartFlex™ technology, which is a unique exhalation pressure relief function. The IntelliPAP Standard Plus includes expanded reporting capabilities through the on-board SmartCode® Compliance Tracking and optional SmartLink® Therapy Management System.

From its reliable electronics and water-resistant housing, to its durable Lexan® humidifier chamber and stainless steel heat transfer plate, IntelliPAP is built for years of dependable performance and patient satisfaction. It's just what you would expect from DeVilbiss.

DV53D Series

Performance

- **Quality** – Less than 1% failure rate and backed by the best-in-industry, 3-year warranty
- **Compliance** – Free remote tracking of compliance data through SmartCode Technology
- **Comfort** – Optimal humidification and SmartFlex Technology
- **Design** – Stacked design creates an exceptionally small footprint and whisper-quiet operation (26 dBA)*

DeVilbiss IntelliPAP Standard Plus CPAP System

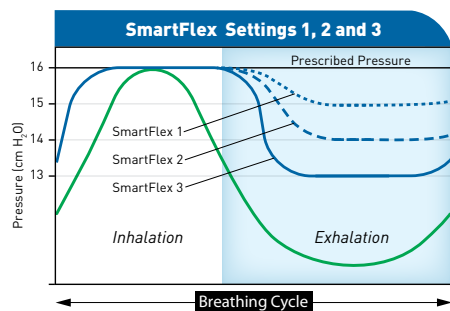

Design

- Easy and intuitive setup
- Auto on/off** automatically starts flow of air with patient breath
- Eight-foot power cord provides greater positioning flexibility – no bulky power brick
- Reminders alert patient to replace or check parts
- Includes attractive travel bag
- Large, slip-resistant pads on bottom of unit to minimize movement on nightstand

Humidifier Chamber

- Overfill protection
- Corrosive resistant, stainless steel plate
- Unique baffling increases air water exchange for optimal humidity
- 400 ml capacity for 8 hours of use at the highest setting

SmartFlex offers three pressure reduction settings that will automatically reduce the pressure generated by the IntelliPAP upon exhalation and raise the pressure back up to prescribed pressure at the onset of inspiration. The settings correlate to an exact cm H₂O pressure drop – so a setting of 1 = 1 cm H₂O drop in pressure during exhalation.

SmartCode

- Encrypted usage data codes that can be communicated over the phone, e-mail, or text to generate compliance and clinical reports

Usage Data	
Last 90 Days	
% Days of at least 4 hours (not continuous) in a 24 hour period	64%
Day Count	50
Days of least 4 hours	58
AIR	8.5
High Leak Flow Time	5%
RIP	1.75
EP	2
SmartCode	7MLUT-4594-7DVP
Adherence Score (# continuous hours)	97% (2600)

NEW EasyFit® SilkGel Mask is the perfect fit with IntelliPAP
