

## How it Works

As simple as 1-2-3...

1. Purchase the IntelliPAP Extended Warranty Plan directly from your medical equipment provider within 6 months (180 days) of the provider purchase date from DeVilbiss Healthcare.
2. The medical equipment provider will submit an EWP Request Form with serial number(s) to DeVilbiss Healthcare.\*
3. If your covered product fails during the warranty period, contact your provider for repair or replacement.

If you have any questions regarding the IntelliPAP Extended Warranty Plan, you may contact your provider directly.

\* DeVilbiss Healthcare is the official record keeper of serial numbers under the EWP.

## IntelliPAP Extended Warranty

*Knowing your DeVilbiss CPAP is protected for the entire reimbursement life cycle*

### We've got you covered!

Insurers typically pay for a replacement CPAP only every five years. With our IntelliPAP Extended Warranty Plan, DeVilbiss Healthcare is able to offer peace of mind coverage over the full cycle.

DeVilbiss Healthcare backs its CPAPs with an industry-leading, 3-year warranty. But even the highest quality products can fail. For that reason, DeVilbiss Healthcare is proud to offer an affordable extended warranty plan to provide coverage against unexpected repairs after the factory warranty expires to further protect our customers and patients.

### Service Plan

Your IntelliPAP Extended Warranty Plan protects your covered CPAP due to failures\* resulting from:

- Defects in workmanship and materials
- Mechanical and electrical parts failures

Further benefits include:

- Hassle-free return process
- Simple, consistent return policy as our existing 3-year warranty
- Option for repair or replacement

\* Some exclusions and limitations may apply
